

REACH Statement

In accordance with the REACH¹ Regulation (EC) 1907/2006, Sirona Dental Systems GmbH confirms that it does not manufacture substances or preparations.

The manufactured products do not involve any intentional release of substances. Accordingly, we foresee no registration or authorization requirement for the products supplied.

In order to ensure the safe use of our products, we have pro-actively requested all our suppliers comply with their communication requirement on the presence of SVHC² according to article 33 of REACH¹ regulation.

As a result of this due diligence and comparison with the ECHA Candidate List, it has been determined that the following substances classified as SVHC² may be present in our products at a concentration greater than 0.1% weight by weight.

Substance Name	Synonyms	CAS No
Diocetyl tin bis(2-ethylhexyl thioglycolate)	DOTE	15571-58-1
Trixylyl phosphate	Phenol	25155-23-1
Bis (2-ethylhexyl) phthalate	DEHP	117-81-7
Aluminosilicate Refractory Ceramic Fibres	Aluminosilicate RCF	-
4,4'-Isopropylidenediphenol	Bisphenol A; BPA	80-05-7
Lead	-	7439-92-1
Perfluorhexanesulfonic acid and its salts	PFHxS	355-46-4
Lead titanium zirconium oxide	Lead titanate zirconate	12626-81-2
Ethylene glycol dimethyl ether	EGDME	110-71-4

The presence of these substances does not impose any hazard to humans or the environment if used as intended by the manufacturer.

All products by the Sirona Dental Systems GmbH comply with the restrictions stated in Annex XVII of REACH¹.

The above statement serves the purposes of fulfilling the communication requirements set in REACH¹ Article 33.
